NMP assures quality training for upcoming seafarers with brand new life raft

A Viking 12-16 person capacity inflatable life raft was again procured to sustain quality training at NMP. It will provide hands on experience to trainees during simulated abandon ship sea exercises for the Personal Survival Technique module and PSCRB. The brand new life raft is a replacement of the worn-out life raft acquired in 2007. Another life raft shall be purchased to complete the required two units. Said procurement was made possible with the financial support from the national government. (MARIA SANDRA M. GALLARDO)
